

**Discussion on Merit Badge Slate for 2010**

<u>Radio Program Course</u>	<u>Counselor(s)</u>	<u>Proposed Site</u>
- Radio - Electronics	Joseph Myshko Jim McNichols	Lower Level MacAleer

Science Program Course - **The Merit Badge slate for 2010 was fixed at this meeting.** The merit badges we will present:

Environmental Science.....	Len Lanetti.....	Sloan Lodge
Computers .....	K.S. Bhaskar, Bill East, Andrew Keys, Mark Hoffman....	Upper Level Mac
Energy / Nuclear Science .....	Ken Paist, Bill Frazier.....	Handicraft Pad
Automotive Maintenance / Truck Xportation...	Jim Addair and Bob Laird.....	Pad Site
Composite Materials.....	Scout Leader from Maryland (Recommended by JL).....	Pad Site
Weather .....	Dan Truitt / Vince Pearlingi.....	Pad Site

It was also discussed to present the Traffic Safety badge as an evening badge, it may be difficult as we may have to require extensive prerequisites from the scouts.

**Other Ideas** -Land of Lakes has a portable bass boat simulator

Pursue a simulator brought in by the Air National Guard or Air Force

Pursue a guest visit from a local weather TV personality - maybe Good Morning America or similar (Fox). Chuck Coggins stated he would follow up.

Robotics Special Course - Combine Electronics, Computers, Engineering, and a robotics project to include a competition one night. Maybe start this year with a pilot robotics expo. - John Lukowski stated he would follow up.

**Discussion of theme for SARMBC 2010** – 100 Years of Scouting / Time Travel / Tuesday night have a guest speaker in or some sort of technology program instead of doing a MB. We can have stations on Wednesday (if we stay in camp) for each Merit Badge to present the history of their badges and maybe how the requirements have changed over the years. Possibly a vision of how the merit badge will be taught 100 years from now.

**Discussion of Mid Week Field Trip Ideas or Mid Week in Camp Program** - If we remain in camp for Wednesday, can we establish a budget to possibly offer an outside concern to do a presentation to the scouts? Based on what we would spend to leave camp. The general feeling is that the scouts enjoyed staying in Camp more than the trip, we need to ensure we have a full slate of activities for the day.

**Other Items:**

Joe Myshko asked if the W3BOY segments were ever delivered to the scouts. Chuck Coggins stated he would follow up. Joe Myshko asked if a Radio License patch could be developed, is it economically feasible?

**Provisional Leaders – Below are the Leaders from 2008 Camp**

John McCabe	Rod Wagner	Marty Gomez	Matt Morson
Jerry Iler	Bob McElroy	John McGovern	Bob Laird
Ron Evans	Bill Frazier	Tom Lowery	Wayne Warren

**Tasks that must be done soon:**

Revamp of Web Site                      Patch Design                      Radio License Patch?                      T Shirt Design

Drafting Flyer for 2010 - Chuck Coggins will work on special Camporee edition
